WHEREAS, Declarant has created a residential community with designated "Lots" and "Common Facilities" (as those terms are defined herein) for the benefit of the present and future owners of said Lots within the subdivision, and desires to create and carry out a uniform plan for the improvement, development and sale of the Lots;

WHEREAS, Declarant desires to ensure the preservation of the values and amenities in said community and for the maintenance of said Common Facilities, and to this end desires to further subject the above-described real property, together with such additions as may hereafter be made thereto as herein provided, to the covenants, restrictions, easements, charges, and liens hereinafter set forth, each and all of which is and are for the benefit of said property and each of the owners thereof; and

USE

All Lots in the Subdivision shall be used for single family residential purposes only.

No Owner shall occupy or use his Lot or any improvements constructed thereon, or permit the same or any part thereof to be occupied or used for any purpose other than as a private residence for the owner, his family, guests and tenants. During the construction and sales period of the initial Living Units, the builder may erect and maintain such

structures as are customary in connection with such construction and sale of such property, including, but not limited to, a business office, storage areas, sign, model units, sales office, and construction trailer, but the size, location, and design of any storage sheds, signs, sales office and construction trailer shall be subject to ARC approval.

No building material of any kind shall be placed or stored upon any Lot until the Owner thereof is ready to commence improvements, and then the material shall be placed within the property lines of the Lot upon which the improvements are erected and shall not be placed on the street or between the curb and property line.

All temporary construction and sales structures shall be aesthetically compatible with the Subdivision development, as solely determined by the Committee.

ARTICLE IV

ARCHITECTURAL REVIEW COMMITTEE

There is hereby created an Architectural Review Committee, initially composed of Richard Rue, Daniel D. Kossel, and Todd P. Helmer, to serve until their successors are named. A majority of Committee may act for the Committee and no notice of any of its meetings shall be required. Subject to the terms hereinafter set forth, Declarant shall have the right to remove or add members to the Committee and fill vacancies in the committee membership and Declarant may assign such rights to the Association. The sale of the last Lot owned by Declarant within the Properties shall be deemed to be an assignment to the Association of Declarant's powers with respect to ARC membership. Committee members shall not be entitled to compensation for their services rendered in such capacity.

No building, fence, wall, outbuilding or other structure or improvement shall be erected, altered, added onto, placed or repaired on any lot in the subdivision until the complete plans including site plans, grading plans, floor plans depicting room sizes and layouts, exterior elevations, any other plans or information deemed necessary by the ARC for the performance of its function ("Required Plans"), are submitted and approved in writing by the Architectural Review Committee as to the conformity and harmony of exterior design with existing structures in the Subdivision, the location with respect to topography, existing trees, and finished elevation, and apparent conformity with the requirements of this Declaration. In addition, the Owner shall submit the identity of the individual or company intended to perform the work and projected commencement and completion dates. The Architectural Review Committee shall have the power to employ professional consultants to assist it in discharging its duties and may create and impose reasonable fees for processing of applications.

Within thirty (30) days after the Owner has submitted to the Committee the Required Plans and written notice that the Owner desires to obtain ARC approval, the Committee shall notify Owner in writing whether the Required Plans are approved or disapproved. If plans and specifications are not sufficiently complete or are otherwise inadequate, the ARC may reject them as being inadequate or may approve or disapprove them in part, conditionally or unconditionally, and reject the balance. In the event the plans submitted by the Owner have not been approved or disapproved within thirty (30) days after being submitted, the plans so submitted will be deemed to have been approved but a deemed approval shall not permit a violation of any of the terms of this Declaration nor extend to any deviation from or alteration to the plans actually submitted nor to any matter requiring a written variance.

The Committee shall have the express authority to perform fact finding functions hereunder and shall have the power to construe and interpret any covenant herein that may be vague, indefinite, uncertain or capable of more than one interpretation. The goal of the Committee is to encourage the construction of dwellings of good architectural

design, quality and proper size compatible with Declarant's conceptual plan for the subdivision. Dwellings should be planned and designed with particular attention to the design and aesthetic appearance of the exterior and the use of such materials, which, in the sole judgment of the Committee, create an attractive and harmonious blend with existing and proposed dwellings in the immediate area and the natural surroundings. The Committee may disapprove the construction or design of a home on purely aesthetic grounds where, in its sole judgment, such disapproval is required to protect the continuity of design or values of the neighborhood and of other homeowners or to preserve the serenity and natural beauty of any surroundings. Members of said Committee and their representatives shall not be liable to any person subject to or possessing or claiming the benefits of these restrictive covenants for any damage or injury to property or for damage or loss arising out of their acts hereunder. The Committee's evaluation of Required Plans is solely to determine compliance with the terms of this Declaration and the aesthetics or the proposed improvements and the Committee disclaims any responsibility to determine compliance with any applicable building code or other standard for construction.

The Architectural Review Committee shall have the right, but not the obligation, to grant variances and waivers relative to deviations and infractions of the Declaration or to correct or avoid hardships to Owners. Upon submission of a written request for same, the ARC may, from time to time, in its sole discretion, permit an owner to construct, erect or install a dwelling which is in variance from the covenants, restrictions or architectural standards which are provided in this Declaration. In any case, however, the dwelling with such variances must, in the Committee's sole discretion, blend effectively with the general architectural style and design of the neighborhood and must not detrimentally affect the integrity of the subdivision or be incompatible with the natural surroundings. All requests for variances shall be in writing, shall be specifically indicated to be a request for variance, and shall indicate with specificity the particular standard sought to be varied and the nature of the variance requested. All requests for variances shall be deemed to be disapproved if the Committee has not expressly and in writing approved such request within thirty (30) days of the submission of such request. No member of the Committee shall be liable to any owner for any claims, causes of action or damages arising out of the grant of any variance to an owner. No individual member of the ARC shall have any personal liability to any Owner or any other person for the acts or omissions of the ARC if such acts or omissions were committed in good faith and without malice. Each request for a variance submitted hereunder shall be reviewed independently of similar and the grant of a variance to any one Owner shall not constitute a waiver of the Committee's right to deny a variance to another Owner. The decisions of the Architectural Review Committee with respect to variances shall be final and binding upon the applicant.

All decisions of the Committee shall be final and binding, and there shall not be revisions of any action of the Committee except by procedure for injunctive relief when such action is patently arbitrary and capricious. In the event of construction of improvements or threatened construction of improvements in violation of this Declaration, any Owner, The Association, Declarant or the Committee may seek to enjoin such construction or seek other relief against the Owner or builder responsible therefor provided that each such offending party shall first be given written notice of the perceived violation and the opportunity to remedy the violation prior to the filing of suit. Neither the Declarant, the Architectural Review Committee, nor any member of such Committee shall be liable in damages, or otherwise, to anyone submitting plans and specifications for approval or to any Owner who believes himself adversely affected by this Declaration by reason of mistake of judgment, negligence or nonfeasance in connection with the approval or disapproval of plans or requests for variance.

The Architectural Review Committee shall be duly constituted and shall continue to function for the entire duration of this Declaration, including any extensions thereof. At such time as Declarant no longer owns any Lots subject to the jurisdiction and assessment of the Association, the Board of Directors shall have the right and obligation to appoint the members of the Committee.

ARTICLE V

RESTRICTIONS ON LOTS

All Lots in the subdivision shall be used for residential purposes. No residential building shall remain incomplete for more than twelve (12) months after construction has commenced. Temporary use may be made of a house for a builder's sales office, which shall be permitted until such house is occupied as a residence, provided such use is approved in writing by Declarant.

Every unit shall have and maintain a garage large enough to accommodate under roof a minimum of two (2) full-sized automobiles. No garage shall be permanently enclosed for conversion to any other use. Open car ports are not permitted, unless special design circumstances warrant their use, in which case permission must be obtained in writing from the ARC.

The term "residential purposes" as used herein shall be held and construed to exclude any commercial use, industrial use, apartment house, hospital, clinic and/or professional use, and such excluded uses are hereby expressly prohibited. Business use will be permitted providing that the use conforms to zoning regulations, is not detectable by sight, sound or smell, and does not increase or obstruct vehicular or pedestrian traffic. Permanent living quarters for domestic servants and allowing domestic servants to be domiciled with an Owner or resident shall be permitted.

ARTICLE VI

OUTBUILDING REQUIREMENTS

Every outbuilding, inclusive of such structures as a detached garage, storage building, gazebo, spa, greenhouse or children's playhouse, shall be compatible with the dwelling to which it is appurtenant in terms of its design and material composition. All such outbuildings shall be subject to approval of the ARC. In no instance shall an outbuilding exceed one (1) story in height other than a detached garage, nor shall the total floor area of outbuildings other than a detached garage exceed ten percent (10%), individually or in the aggregate, of the floor area of the main dwelling.

ARTICLE VII

BUILDING MATERIALS

The exterior walls of all residential buildings shall be constructed with masonry, rock, stucco, brick, concrete product siding, or masonry veneer for at least 51% of the total exterior wall area. Window and door openings shall be included as masonry. Notwithstanding the foregoing, the ARC is empowered to waive this restriction if, in its sole discretion, such waiver is advisable in order to accommodate a unique or advanced building concept, design or material, and the resulting structure will not detract from the general appearance of the neighborhood. Wall materials used on all Lots shall be restricted to those types and colors approved by the ARC.

Roofing shall be either slate, tile, factory fire treated wood, metal, or composition shingles, as approved by the ARC.

All fireplace flues and smoke stacks shall be enclosed and concealed from public view in finished chimneys of materials architecturally compatible with the finish material of the exterior walls of the dwelling or otherwise approved by the ARC.

ARTICLE VIII

FENCES

No fence or wall shall be built or maintained forward of the front building line, nor any hedge planted or maintained forward of the front setback line, of the main structure, not including decorative walls or fences which are part of the architectural design of the main structure, and which are not to be built or maintained nearer than the building setback line of any Lot unless otherwise approved in writing by the ARC. All fences or walls located on his respective lots are to be maintained at owners expense. All fences if installed shall be all wood composed of six feet (6') tall, notched, vertical planks, without gaps between planks, unless approved in writing by the ARC. An exception shall be made in case of retaining walls.

The ARC is empowered to waive the aforesaid composition requirements for fences and the aforesaid height or setback limitation in connection with retaining walls and decorative walls if, in its sole discretion, such waiver is advisable in order to accommodate a unique, attractive or advanced building concept, design or material, and the resulting fence, decorative wall and/or retaining wall (whichever is applicable) will not detract from the general appearance of the neighborhood.

No fence, wall or hedge or shrub planting which obstructs sight lines shall be placed or permitted to remain on any corner Lot within the triangular area as formed by the extension of curb lines and a line connecting them at points twenty-five feet (25') from the intersection of the curb lines into the street, or in the case of a rounded property corner, from the intersection of three and one-half feet (3-1/2') tall shall be allowed in this inscribed triangle. No tree shall be permitted to remain within such distances of such intersections unless the foliage line is maintained at sufficient height to prevent obstruction of such sight lines.

ARTICLE IX

DRIVEWAYS AND SIDEWALKS

Driveways on each residential Lot, and any optional sidewalks, must be constructed of broom-finish concrete, stamped concrete, or brick pavers. All other materials and finishes are prohibited. Location, design and any decorative surface must be approved by the ARC. The driveway turnout shall be constructed in such a manner as to provide an attractive transitional radius from the curb and gutter into the driveway entrance and shall prevent escape of drainage water from the street onto any Lots. Driveways and sidewalks must be shown on the site plan submitted for approval by the ARC. Asphalt and gravel driveways and sidewalks are specifically prohibited.

The Owner of each Lot shall construct a sidewalk of broom-finish concrete proximate and parallel to each adjacent street in conformity with all applicable ordinances of the City of Schertz. Such sidewalk shall be no less than four feet (4') in width, and not less than four inches (4") thick and shall be placed and constructed within the street right of way, at least two feet (2') behind the curb and gutter. Corner Lots shall have the required sidewalks along both the front of the Lot and the side of the Lot adjacent to a street. The specifications for sidewalks set forth herein may be varied by the ARC to conform to any change in the applicable ordinances of the City of Schertz.

ARTICLE X

TEMPORARY STRUCTURES

No structure of a temporary character (sales structure, trailer, tent, shack, garage, barn or other outbuildings) shall be used on any Lot at any time for storage or as a residence, either temporarily or permanently. No trailer, camper, recreational vehicles, or similar vehicles shall at any time be parked in view of any other lot or dwelling unit or connected to utilities situated within a Lot. No prefabricated dwelling or building previously constructed elsewhere may be placed or maintained on any Lot. No modular or mobile home, whether or not the wheels have been removed, may be placed or maintained on any Lot. All structures of a temporary character must be approved by the Architectural Review Committee.

ARTICLE XI

SIGNS

No signs, banners, or pennants of any kind shall be displayed to the public view on any single-family residential Lot except one (1) professional sign of not more than nine (9) square feet advertising the property for sale. Signs used by the Developer or original home builder to advertise the property during the construction and sales period shall be permitted, irrespective of the foregoing. Signs advertising subcontractors or suppliers are specifically prohibited. The sign may state only the name and phone number of the seller and/or their agent. For rent, for lease, distressed, foreclosures and bankruptcy references are specifically prohibited. Political signs may be erected upon a Lot by the Owner of such Lot advocating the election of one or more political candidates or the sponsorship of a political party, issue or proposal provided that such signs shall not be erected more than 90 days in advance of the election to which they pertain and are removed within 15 days after the election. The ARC shall have control over all verbiage on all signs. Except for signs advertising a Lot for sale and adhering to the standards of this Article, all signs within the Properties shall be subject to the prior written approval of the ARC.

ARTICLE XII

MAINTENANCE

All yards and lawns shall be kept neat and well maintained and all grass, weeds, and vegetation on each Lot shall be kept mowed at regular intervals. Trees, shrubs, vines and plants which die shall be promptly removed from each Lot and replacements of equal quality or value promptly installed. Lawns must be properly maintained (not to exceed six inches [6"] in height) and fences must be repaired and maintained and no objectionable or unsightly usage of Lots will be permitted which is visible to public view. Building materials shall not be stored on any Lot, and any excess materials not needed for construction and any building refuse shall promptly be removed from each Lot.

New residential lawns shall be seeded, sodded, sprigged, or otherwise treated within thirty (30) days after occupancy. Lot owners or occupants shall also be required to provide and allow safe and adequate drainage within their lot. This includes the building or construction of any fence, walk, landscaping material, or other construction which may divert, impede, or cause to back up run-off water coming not only from their respective lot but from other lots.

Until a home or residence is built on a Lot, Declarant may, at its option, have the grass, weeds and vegetation cut when and as often as the same is necessary in its judgement, and have dead trees, shrubs and plants removed therefrom. Declarant may

also, at its option, remove any excess building materials or building refuse situated on a Lot in violation of this covenant. The Owner of any Lot shall be obligated to reimburse Declarant for the cost of such maintenance or removal upon demand.

All Owners are advised to secure from the Texas Forest Service, local county agent, Texas Extension Forester at Texas A&M University, or elsewhere, information on oak wilt and other diseases which may affect their trees and may spread to trees on other Lots. Each Owner is responsible for taking such action as may be necessary on his property to ensure that oak wilt and other diseases are not spread to the trees of other Owners. Because there is no known cure for oak wilt and oak wilt almost always will spread from a diseased tree to its neighboring oaks, at a minimum, each Owner should:

- A. Destroy all infected oaks.
- B. Avoid unneeded pruning of trees, especially during the period February 1 - June 1, and immediately apply dressing to all wounds on oaks.
- C. Where oak wilt is detected, trench three feet deep in advance of infection front (100 feet is recommended) to stop the spread through connecting roots.
- D. Avoid infected oak firewood. As a precaution, do not keep any oak firewood for more than one heating season and cut firewood only in the summer.
- E. Use fungicide propiconazole to treat uninfected oaks when you become aware of oak wilt nearby.

The foregoing information regarding oak wilt is provided to alert Owners and neither Declarant or the Association shall be liable to any Owner in connection with the existence or spread of oak wilt on any Lot.

ARTICLE XIII

LANDSCAPING

All front yards and side yards on all Lots must be planted with grass or other ground cover exclusive of any landscaped areas. Decorative ground cover rock in the front and side yards may not exceed ten (10%) percent of the total area of the front and side yards. Cuts into natural grade visible from the street are to be faced with masonry, timbers, sodding or landscaping. Allowances may be made for areas left in their natural state depending upon their appearance.

ARTICLE XIV

VEHICLES

No trailer, motor home, tent, boat, recreational vehicle, travel trailer, any truck larger than a one ton pick-up, or wrecked, junked or wholly inoperable vehicle shall be kept, parked, stored or maintained on any portion of the front yard area of a Lot nor shall be kept, parked, stored or maintained on other portions of the Lot, unless in an enclosed structure or in a screened area which prevents the view thereof from any Lots or dwelling and streets. Intermittent overnight parking of trailer, motor home, tent, boat, recreational vehicle or travel trailer for a period of time not to exceed twenty-four (24) consecutive hours will be permitted. No dismantling or assembling of an auto, trailer, any truck or any other machinery or equipment shall be permitted in any driveway or yard adjacent to a street. The ARC, as designated in this Declaration, shall have the absolute authority to determine

from time to time whether a vehicle and/or accessory is operable and adequately screened from public view. Upon an adverse determination by said ARC, the vehicle and/or accessory shall be removed and/or otherwise brought into compliance with this paragraph.

No vehicles, trailers, implements or apparatus may be driven or parked on any easement.

All matters set forth in this Article requiring approval shall require the express, advance, written approval of the ARC.

ARTICLE XV

NUISANCES

No noxious or offensive activity shall be carried on upon any Lot, nor shall anything be done thereon which may be or may become an annoyance or nuisance to the neighborhood.

No Owner or occupant shall perform any work that will impair the structural soundness or integrity of another Living Unit or impair any easement or hereditament, nor do any act nor allow any condition to exist which will adversely affect the other Living Units or their Owners or residents.

No exterior lighting of any sort shall be installed or maintained on a Lot where the light source is offensive or a nuisance to neighboring property (reasonable security or landscape, or tennis court lighting is permitted with the approval of the ARC.)

No exterior speakers, horns, whistles, bells or other sound devices (except security devices such as entry door and patio intercoms used exclusively to protect the Lot and improvements situated thereon) shall be placed or used upon any Lot.

All matters set forth in this Article requiring approval shall be deemed to be the express approval, in advance, of the ARC.

ARTICLE XVI

GARBAGE AND REFUSE DISPOSAL

No Lot shall be used or maintained as a dumping ground for rubbish. Trash, garbage and other waste shall be kept in sanitary containers, whether arranged for alley pickup or street pickup. No trash, ashes or other refuse may be thrown or dumped on any vacant Lot, park, street, Right of Way, or drainage area in the Properties. No cans, bags, containers or receptacles for the storing or disposal of trash, garbage, refuse, rubble, or debris shall be stored, kept, placed or maintained on any Lot where visible from any street except solely on a day designated for removal of garbage and rubbish and on which days only such cans, bags, containers, and receptacles may be placed in front of a residence and beside a street for removal but shall be removed from view before the following day.

ARTICLE XVII

PETS

No animals, livestock, poultry, exotic or dangerous pets of any type (i.e. pit bulls, boa constrictors, ferrets, etc.) that may pose a safety or health threat to the community shall be raised, bred or kept on any Lot except for cats, dogs, or other generally recognized

household pets of a reasonable number provided that they are not kept, or maintained for any commercial purposes and provided further that no more than a total of four (4) adult animals may be kept on a single Lot. Adult animals for the purpose of these covenants shall mean and refer to animals one (1) year or older.

All such animals shall be kept in strict accordance with all local laws and ordinances (including leash laws), and in accordance with all rules established by THE PARK AT WOODLAND OAKS OWNERS ASSOCIATION. It shall be the responsibility of the owners of such household pets to prevent the animals from running loose or becoming a nuisance to the other residents.

ARTICLE XVIII

OIL AND MINING OPERATIONS

No oil drilling, oil development operations, oil refining, quarrying or mining operations of any kind shall be permitted upon or in any Lot, nor shall oil wells, tanks, tunnels, mineral excavations, or shafts be permitted upon any Lot. No derrick or other structure designed for use in boring for oil or natural gas shall be erected, maintained or permitted upon any Lot. No tank for the storage of oil or other fluids may be maintained on any Lots above the surface of the ground.

ARTICLE XIX

WATER AND SEWAGE SYSTEMS

No individual water supply system shall be permitted on any Lot, including, but not limited to water wells.

ARTICLE XX

MICROWAVE, RADIO, TV ANTENNA, AND SOLAR COLLECTORS

No microwave dishes, radio, citizen band or otherwise, or television aerial wires or antennas shall be maintained on any portion of any Lot, except those which are fully enclosed or retractable within the structure of the Living Unit. No microwave dishes, antennas, receivers, or transmitters shall be placed on any Lot without being fully enclosed or fully screened from public view. Solar apparatus, if erected, must be maintained in such a way that it is screened from public view, installed in a location not visible from the street, and Rights of Way or other parcels or portions thereof, and must be approved by the ARC before erection.

ARTICLE XXI

CLOTHES HANGING DEVICES

Clothes hanging devices exterior to a dwelling shall not exceed six (6) feet in height.

ARTICLE XXII

UTILITY EASEMENTS AND ACCESS

Easements for installation and maintenance of utilities and drainage facilities are reserved as shown on the recorded plat. Within these easements, if any, no structure,

planting or other material shall be placed or permitted to remain which may damage or interfere with the installation and maintenance of utilities or in the case of drainage easements, which may change or impede the direction of flow of water through drainage channels in such easements. The easement area of each Lot, if any, and all improvements in such area shall be maintained continuously by the Owner of the Lot, except for those improvements for which a public authority or utility company is responsible. Neither Declarant nor any utility company using the easements herein or referred to shall be liable for any damage done by them or their assigns, agents, employees or servants to shrubbery, streets or flowers or other property of the Owners situated on the land covered by said easements.

There is hereby created a right of ingress and egress across, over, and under the Properties for the sole purpose of installing, replacing, repairing, and maintaining all facilities for utilities, including, but not limited to, water, sewer, telephone, cable TV, electricity, gas, and appurtenances thereto.

ARTICLE XXIII

RIGHT OF ENTRY TO MAINTAIN

In the event that any Owner fails to maintain his Lot as required herein or in the event of emergency, the Declarant and/or the Association shall have the right but not the obligation to enter upon the Lot to make emergency repairs and to do other work reasonably necessary for the proper maintenance and operation of the Property. Entry upon the Lot as provided herein shall not be deemed a trespass, and the Declarant shall not be liable for any damage so created unless such damage is caused by the Declarant's willful misconduct or gross negligence.

ARTICLE XXIV

DRAINAGE EASEMENTS

Easements for drainage throughout the subdivision are reserved as shown on the Subdivision Plat. No Owner of any Lot in the subdivision may perform or cause to be performed any act which would alter or change the course of such drainage easements in a manner that would divert, increase, accelerate or impede the natural flow of water over and across such easements. More specifically and without limitation, no Owner or resident of a Living Unit may:

(1) alter, change or modify the existing natural vegetation of the drainage easements in a manner that changes the character of the original environment of such easements;

(2) alter, change or modify the existing configuration of the drainage easements, or fill, excavate or terrace such easements, or remove trees or other vegetation therefrom without the prior written approval of the ARC;

(3) construct, erect or install a fence or other structure of any type or nature within or upon such drainage easements;

(4) permit storage, either temporary or permanent, of any type upon or within such drainage easements; or

(5) place, store or permit to accumulate trash, garbage, leaves, limbs or other debris within or upon the drainage easements, either on a temporary or permanent basis.

The original grading plan is maintained by Declarant at its offices. Declarant shall have the right to amend the grading plan from time to time. By acceptance of a deed to any Lot, each Owner covenants and agrees to ensure such Lot is graded and maintained in accordance with the current grading plan and that the drainage of such Lot is maintained in accordance with the grading plan.

The failure of any Owner to comply with the provisions of this Article shall in no event be deemed or construed to impose liability of any nature on the ARC and/or Declarant, and such Committee and/or Declarant shall not be charged with any affirmative duty to police, control or enforce such provisions. The drainage easements provided for in this Article shall in no way affect any other recorded easement in the subdivision.

ARTICLE XXV

GARAGES

A garage able to accommodate at least two (2) full-sized automobiles must be constructed and maintained as a garage, for each Living Unit. Each driveway must accommodate two vehicles in front of the garage for off-street parking requirements. Rear detached garages shall be permitted provided they are constructed in compliance with the requirements of these covenants.

ARTICLE XXVI

MAXIMUM HEIGHT

No building or structure erected, altered or placed on, within or in the Properties shall exceed thirty-five feet (35') in height (measured from the top of the foundation to the topmost part of the roof) nor be more than two and one-half (2 ½) stories in height, provided however, that all applicable ordinances, regulations, and statutes with respect to the maximum height of buildings and structures shall, at all times, be complied with.

ARTICLE XXVII

MINIMUM AREA

- A. Single Story - Sixteen Hundred (1600) feet
- B. Two Story - Eighteen Hundred (1800) feet

ARTICLE XXVIII

BUILDING SETBACKS

The Subdivision Plat provides for setbacks on some Lots. To the extent, if any, that the setbacks herein stated are different than those shown on the Subdivision Plat, the greater setback shall apply, absent written waiver by the ARC.

Front setbacks shall be twenty-five feet (25') from the front property line of each Lot for all structures.

Sideyard setbacks shall be a minimum of five feet (5') from the side property lines of each Lot for all structures with not less than fifteen feet (15') between structures on adjacent Lots.

Rear setbacks shall be a minimum of twenty feet (20') from the rear property line of each Lot for all structures except a detached garage.

Detached garages shall be no closer than five feet (5') to any side property line or the rear property line, provided that there shall be at least fifteen feet (15') separation between structures on adjacent Lots.

ARTICLE XXIX

Any Owner owning two (2) or more adjoining Lots or portions of two or more such Lots may, with the prior approval of the ARC, consolidate such Lots or portions thereof into a single building site for the purpose of construction one (1) residence and such other improvements as are permitted herein, provided, however, that no such building site shall contain less than seven thousand two hundred (6,500) square feet of land and that the Lot resulting from such consolidation shall bear, and the Owner thereof shall be responsible for, all assessments theretofore applicable to the Lots which are consolidated and each such building site shall meet, all lawful requirements of any applicable statute, ordinance or regulation.

ARTICLE XXX

ADDITIONS

Additional properties lying fully or partially within a one-half mile radius of the Subdivision may be annexed to the jurisdiction of the Association by Declarant or the Association through the execution and filing of a Declaration of Restrictive Covenants, which shall extend the general scheme of the covenants and restrictions of this Declaration to such property and which shall reflect the consent of the Declarant or the Association to such annexation. Said Declaration may contain such modifications as are necessary to reflect the different character of the added properties.

ARTICLE XXXI

ENFORCEMENT

If the Owner of any Lot, or its heirs, executors, administrators, successors, assigns or tenants, shall violate or attempt to violate any of the restrictions and covenants set forth in this Declaration, it shall be lawful for the Association, Declarant, or any Owner subject to this Declaration, to prosecute any proceedings against the person or persons violating or attempting to violate any such restrictions and covenants. The failure of any Owner or tenant to comply with any restriction or covenant will result in irreparable damage to Declarant and other Owners of Lots in the Subdivision; thus the breach of any provision of this Declaration may not only give rise to an action for damages at law, but also may be enjoined or may be subject to an action for specific performance in equity in any court of competent jurisdiction. In the event an action is instituted to enforce the terms hereof or prohibit violations hereof, and the party bringing such action prevails, then in addition to

any other remedy herein provided or provided by law, such party shall be entitled to recover court costs and reasonable attorney's fees. The Architectural Review Committee, Association, and/or Declarant shall not be charged with any affirmative duty to police, control or enforce the terms of this Declaration and these duties shall be born by and be the responsibility of Lot Owners.

ARTICLE XXXII

Security may be provided by the Association, from time to time; however, the Association is not now a provider of security, and the Owners must provide their own security for their home and property.

ARTICLE XXXIII

Tennis-court lighting and fencing shall be allowed only with the approval of the ARC. Basketball goals, or backboards, or any other similar sporting equipment of either a permanent or temporary nature shall not be placed within twenty-five feet (25') from the front property line of any Lot or the side lot lines of corner lots in the Subdivision without the prior written consent of the ARC.

ARTICLE XXXIV

MEMBERSHIP IN THE ASSOCIATION

Every person or entity who is a record Owner of a free or undivided interest in any Lot which is subject to the jurisdiction of and to assessment by the Association shall be a Member of the Association, provided, however, that any person or entity holding an interest in any such Lot or Lots merely as security for the performance of an obligation, shall not be a member. As provided in the Articles of Incorporation, the Board of Directors shall have the right to merge the Association with Horseshoe Oaks Homeowners Association, Inc., a Texas non-profit corporation, in which event Members would become members of Horseshoe Oaks Homeowners Association, Inc., the Association would transfer to Horseshoe Oaks Homeowners Association, Inc. all of the Association's lien and assessment rights and all of the Common Facilities, and all references herein to the Association will thereafter be deemed to mean and refer to said Horseshoe Oaks Homeowners Association, Inc.

ARTICLE XXXV

VOTING RIGHTS

The Association shall have two classes of voting membership.

Class A. Class A Members shall be all those owners as defined in Article XXXIV above with the exception of Declarant. Class A members shall be entitled to one vote for each Lot in which they hold the interest required for membership by Article XXXIV. When more than one person holds such interest or interests in any Lot, all such persons shall be members, and the vote for such Lot shall be exercised as they among themselves determine, but in no event shall more than one vote be cast with respect to any such Lot.

Class B. Class B Members shall be Declarant and Builder Members. The Class B Members shall be entitled to three votes for each Lot in which they hold the interest required by Article XXXIV above, provided that the Class B membership shall cease and become converted to Class A membership on the happening of the following events, whichever occurs earlier:

- (a) when the total votes outstanding in Class A membership equal the total votes outstanding in the Class B membership; or
- (b) January 1, 2010.

From and after the happening of these events, whichever occurs earlier, the Class B member shall be deemed to be a Class A member entitled to one vote for each Lot in which it holds the interest required for membership.

All voting rights of an Owner may be suspended by the Board of Directors during any period in which such Owner is delinquent in the payment of any assessment duly established pursuant to Article XXXVI hereof or is otherwise in default thereunder or under the Bylaws or Rules and Regulations of the Association.

ARTICLE XXXVI

COVENANTS FOR MAINTENANCE ASSESSMENTS

Declarant, for each Lot owned by it within the Properties, hereby covenants, and each Owner of a Lot, by acceptance of a deed thereto, whether or not it shall be so expressed in any such deed or other conveyance, shall be deemed to covenant and agree to pay to the Association: (1) annual assessments or charges and (2) special assessments for capital improvements, such assessments to be fixed, established, and collected from time to time as hereinafter provided. The annual and special assessments, together with such interest thereon and costs of collection thereof as are hereinafter provided, shall be a charge on the land and shall be a continuing lien upon the property against which each such assessment is made. Each such assessment, together with such interest thereon and cost of collection thereof as hereinafter provided, shall also be the personal obligation of the person who was the Owner of such property at the time the obligation accrued.

The assessments levied by the Association shall be used for the purpose of promoting the recreation, health, safety and welfare of the Members, and in particular, for the improvement, maintenance and operation of the properties, services and facilities devoted to this purpose and related to the use and enjoyment of the Properties by the members.

The annual assessments for both improved and unimproved Lots shall be determined by the Board of Directors in the manner provided for herein after determination of current maintenance costs and anticipated needs of the Association during the year for which the assessment is being made. The annual assessments for unimproved Lots shall be one-fourth (1/4) the annual assessment for improved Lots. A Lot shall be deemed to be an "Improved Lot" when construction of a Living Unit thereon is completed, and a closing of a sale thereof has taken place, or when a Living Unit on the Lot has been occupied as a residence, whichever first occurs. All other Lots shall be "Unimproved Lots". Until January 1, 1997, the annual assessment for improved Lots shall not exceed \$120.00. From and after January 1, 1997, the maximum annual assessment which may be imposed by the Board of Directors, without membership vote, shall be an amount equal to ten percent (10%) above the prior year's annual assessment.

In addition to the annual assessments provided for above, the Association may levy, in any assessment year, a Special Assessment on improved Lots only, applicable to that year only, for the purpose of defraying, in whole or in part, the cost of any construction, reconstruction, repair or replacement of a capital improvement on or which is a part of the Common Facilities, or for such other lawful purpose related to the use of the Properties as the Board of Directors or the Owners may determine, provided that any such assessment shall have the assent of two-thirds (2/3) of the votes of the improved Lot owners who are voting in person or by proxy at a meeting duly called for this purpose, written notice of which shall be sent to all improved Lot owners at least thirty (30) days in advance and shall set forth the purpose of the meeting.

Subject to the limitations stated above, the annual assessment may be adjusted by majority vote of the Board of Directors but shall not be increased by more than ten percent (10%) above that of a previous year without vote of the membership. Any increase in the annual assessment of more than ten percent (10%) above that of the previous year shall require approval of two-thirds (2/3) vote of each class of Members voting at a meeting duly called for that purpose.

The quorum required for any action authorized herein above shall be as follows: Written notice of any meeting called for the purpose of taking any action authorized herein shall be sent to all members, or delivered to their residences, not less than thirty (30) days in advance of the meeting. At the first meeting called as provided above, the presence at the meeting of Members or of proxies entitled to cast sixty percent (60%) of all the votes of each class of membership shall constitute a quorum. If the required quorum is not forthcoming at any meeting, another meeting may be called, subject to the notice requirements set forth above, and the required quorum at any such subsequent meeting shall be one-half (1/2) of the required quorum at the preceding meeting, provided that such reduced quorum requirement shall not be applicable to any such subsequent meeting held more than sixty (60) days following the preceding meeting. The Association may call as many subsequent meetings as may be required to achieve a quorum. No such subsequent meeting shall be held more than sixty (60) days following the preceding meeting.

The annual assessments provided for herein shall commence on the first day of the month following the first Lot conveyance by Declarant, or such other date as the Board of Directors shall direct. The assessments for each calendar year shall become due and payable and shall be collected as the Board of Directors of the Association shall determine. The amount of the annual assessment shall be an amount which bears the same relationship to the annual assessment provided for above as the remaining number of months in that year bear to twelve. When a Lot becomes an improved Lot, there shall be payable as of the first day of the month following the month when it becomes an improved Lot a sum equal to the difference between the annual assessment for unimproved Lots and the annual assessment for improved Lots, prorated over the balance of the year then remaining. The due date of any special assessment under the provisions hereof shall be fixed in the resolution authorizing such assessment.

In December of each year, beginning December, 1997, the Board of Directors of the Association shall fix the amount of the annual assessment against each Lot for the following year and shall at that time prepare a roster of the Lots and assessments applicable thereto which shall be kept in the office of the Association and shall be open to inspection by any Owner on reasonable notice. Written notice of the assessment shall thereupon be sent to every Owner subject thereto. The Association shall upon demand at any time furnish to any Owner liable for said assessment a certificate in writing, signed by an officer of the Association, setting forth whether said assessment has been paid. Such certificate shall be conclusive evidence of payment of any assessment there in stated to have been paid.

Effect of Non-Payment of Assessments: The Lien; Remedies of the Association.
Any assessment not paid within thirty (30) days after the due date shall bear interest from

the due date at a rate of twelve (12) percent per annum. Upon written notice to an Owner, and the expiration of thirty (30) days, the Association may bring an action at law against the Owner personally obligated to pay the same, and to foreclose the Association's lien against the Owner's Lot. Each Owner, by his acceptance of a deed to a Lot, hereby expressly vests in the Association, or its agents, the right and power to bring all actions against such Owner personally for the collection of such charges as a debt and to enforce the aforesaid lien by all methods available for the enforcement of such liens, including non-judicial or judicial foreclosure by an action brought in the name of the Association, the power of sale in connection with said lien. The lien provided for in this section shall be in favor of the Association and shall be for the benefit of all other Lot Owners. No Owner shall be freed of liability for any assessments provided for herein by virtue of non-use of any Common Area or the non-existence of any Common Area.

In addition to the foregoing charges for delinquent accounts, each owner shall be obligated to pay to the association all actual costs of collection incurred by the Association and such reasonable late charges and collection charges as the Board of Directors may establish, all of which shall also be subject to the liens of the Association.

Subordination of the Lien to Mortgages. The lien of the assessments provided for herein shall be subordinate to the lien of any mortgage or mortgages now or hereafter placed upon the Lots subject to assessment, provided, however, that such subordination shall apply only to the assessments which have become due and payable prior to the sale or transfer of such Lot pursuant to a decree of foreclosure, non-judicial foreclosure, or conveyance in lieu of foreclosure or in satisfaction of mortgage debt. Such sale or transfer shall not relieve such Lot from liability for any assessments thereafter becoming due nor from the lien of any such subsequent assessment.

Exempt Property. The charges and liens created herein shall apply only to the Lots, and the remainder of the Properties shall not be subject thereto.

ARTICLE XXXVII

right and obligation to perform the functions of the Board except as otherwise provided herein.

The Board, on behalf of the Association, shall have full power and authority to contact with any Owner or other person or entity for the performance by the Association of services which the Board is not otherwise required to perform pursuant to the terms hereof, such contracts to be upon such terms and conditions and for such consideration as the Board may deem proper, advisable and in the best interest of the Association.

ARTICLE XXXVIII

The Association shall own all Common Areas in fee simple and assume all maintenance obligations with respect to any Common Areas which may be hereafter established. From and after the date on which title to any Common Area vests in the Association, the Association shall purchase and carry a general comprehensive public liability insurance policy for the benefit of the Association and its members, covering occurrences on the Common Areas. The policy limits shall be determined by the Board of Directors of the Association. The Association shall use its best efforts to see that such policy shall contain, if available, cross-liability endorsements or other appropriate provisions for the benefit of members, Directors and the management company retained by the Association (if any), insuring each against liability to each other insured as well as third parties. The Association shall not convey or mortgage any Common Area without the consent of two-thirds (2/3rds) or more of the Lot Owners.

ARTICLE XXXIX

AMENDMENT

This Declaration shall remain in force and effect until January 1, 2010, at which time, and each tenth anniversary thereafter, this Declaration shall be renewed for a period of ten years unless two-thirds (2/3rds) of the Owners of Lots shall file a written agreement to abandon same. This Declaration may be amended by written instrument executed by the Owners of two-thirds (2/3rds) or more of the Lots, provided that no amendment prior to January 1, 2010, shall be effective until approved and executed by Declarant and filed of record in the Official Public Records of Real Property of Guadalupe County, Texas.
